WCCM Yorkshire is delighted to welcome Fr. Laurence Freeman to lead us in reflection on the Christianity of the future, to look to understand the kind of transformation Christianity is undergoing today. The patterns are clear: contemplative, less clerical, socially engaged, respectful of other faiths. But what about the growing fundamentalism in many Christian groups? How will Christians deal with these new sets of challenges?

Please join us in this opportunity to meet and listen to the spiritual leader of our community in our local setting.

Suggested donation £15, concessions available.
Refreshments will be provided but please bring own lunch.

Advance booking required. To book a place email wccmyorks@gmail.com.
